

# **JOB ANNOUNCEMENT**

**The Nevada Division of State Parks is seeking qualified interested applicants for the following opportunity:**

## **Administrator - Division of State Parks**

**This position is the chief executive for the Division, directing the activities, programs and related projects for the Nevada State Parks system. Headquartered in Nevada's capital, Carson City, the position reports to the Director of the Department of Conservation and Natural Resources. Statewide responsibility includes acquisition, planning and development and the operations of 24 state parks that receive over 3.3 million visitors annually, with four regional offices and over 225 staff members, including seasonal employees.**

**The successful candidate will have demonstrated executive abilities and a history of managing a geographically diverse recreational, historical and scenic parks system. Additionally, highly developed interpersonal and leadership skills are required, as well as the ability to develop broad policies and procedures, along with prior experience in legislative matters and capital project construction funding initiatives. Further information may be found on the web at <http://dcnr.nv.gov/>.**

**This position is in the Unclassified Service of the State of Nevada. The current salary range is established at \$80,255 to \$87,777 annually, depending upon the Public Employees Retirement System option chosen by the successful candidate. Additionally, the position offers the full array of normal employee benefit programs, including an optional deferred compensation package and several health/dental plan choices.**

**Inquiries may be directed to Freeman K. Johnson-Assistant Director, at (775) 687-4360.**

**Interested parties should submit a confidential letter of interest and current resume by June 15, 2003 to:**

**R. Michael Turnipseed, P.E. - Director  
Nevada Department of Conservation and Natural Resources  
123 W. Nye Lane #230  
Carson City, NV 89706-0818**
